

## San Sheri Broken Into

More than \$370 worth of goods were stolen from the San Sheri party store and restaurant along Old 27 south of Frederic April 17. Entry was made by breaking through a window and sheriff deputies suspect the breaking and enterings may be linked to several others which occurred in Otsego County the same night. Anyone with information can call the anonymous tip line at 348-6341 ext. 3000.

## Cheese Distributed at NNB Apr. 26

USDA surplus cheese to be distributed Thursday, April 26th from 9:30 a.m. to 3:30 p.m. at the garage of the Northern National Bank.

This cheese is to be given to low income persons. To receive an allotment of cheese a person must present a certification card or verification of income.

Those presenting verification of income will receive certification cards & cheese at the distribution site if the income falls within federally established poverty guidelines. Please do not call the bank for information.

## Kids Trout Fishing Contest

Starts Saturday April 28 & 29

A fishing contest for fishermen 16 and younger will be held Saturday to Sunday noon, April 28 and 29, sponsored by the Old AuSable Sports Shop. All children must register at the Old AuSable and prizes will be given for largest brown, rainbow, and brook trout caught Opening Day and Sunday morning. Each trout will be weighed and measured at Old AuSable. Children must be registered to participate. Prizes will also be given to the first girl to catch a legal-size fish and the youngest fishermen to bring in a trout. The contest starts at midnight Friday and ends Sunday at noon. Prizes will be awarded at 12:30 p.m. Sunday.

## Clocks Spring Forward

County residents should move their clocks ahead one hour Saturday night to keep in step with Daylight Savings time. The official switch to Daylight Savings will be made at 2 a.m. Sunday, April 29.

## Scholarship Applications Available

The Grayling Youth Booster Club scholarship applications for high school seniors and college freshmen can be obtained from the Grayling High School or the Crawford County Library.

Applications must be returned to the school or library on or before May 9th or mailed to Rose Duley, Rt. 1 Box 1523A, Grayling, postmarked no later than May 9th in order to be eligible.

## Mushroom Mania Set For May

The annual mushroom season is fast approaching, as a result of mild spring weather. The Grayling Regional Chamber of Commerce is arranging a festival to be held on May 5 & 6 and May 12 & 13, hoping that warm spring rains will encourage the tasty mushrooms to pop out of the ground.

Headquarters for the event is the San-Sheri Campground and Party Store, located 6 miles north of Grayling on Old U.S. 27. Facilities for RV and Tent Camping are available along with a Restaurant and Party Store.

Prizes will be awarded for several categories of mushrooms. Area guides will assist mushroom hunters to find suitable locations. For further information, please contact the Grayling Regional Chamber of Commerce, P.O. Box 406, Grayling, Michigan 49738 or phone 517-348-2921.

## End of Season!

## African Adventure To End Grayling Travelogue Series

The annual Travel and Adventure Series sponsored by the Grayling Community School Program will come to a close on Thursday evening, April 26 with an exciting, full-color documentary of the country of Kenya in Africa. Appearing alive and in person at Grayling's Joseph Stripe Auditorium will be nationally recognized photographer-lecturer Dennis Burkhardt. This is the first time in eleven seasons that a film of an African nation has been available for the Grayling series. This will also be Mr. Burkhardt's first visit to Grayling.

This being the final travelogue of the season, persons holding season tickets to the Grayling series are encouraged to bring friends and neighbors along with them if they have extra punches left on their ticket. For those who do not have season passes, single admission tickets will be available at the door. Doors at Grayling High School will open at 6:45 and the travelogue will begin at 7:30.

## Range Firing Conducted

Range firing will be conducted at Camp Grayling during the period 25 April 84 thru 2 May 84.

Firing will be in the following areas on the dates and times indicated.

The Small Arms ranges located west of Lake Margrethe, north of Howe Rd, east of the gas pipeline and south of Portage Creek. Firing will begin at 8:00 AM 28 April 84 and cease at 5:00 PM 29 April 84.

The Range 30 Complex located north of North Down River Rd., east of Jones Lake Rd, south of County Rd 612 and west of Damon Truck Trail. Firing will begin at 8:00 AM 27 April 84 and cease at 5:00 PM 29 April 84.

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Road 618 and west of County Rd F97 (Twin Bridge Rd). Firing will begin at 9:00 AM (Daily) and cease at 5:00 PM (Daily).

The ranges will be closed to the public during these periods and all persons are warned to keep out of the areas identified.

## Most Commission on Aging Programs Continuing

By Jon Thompson

Most regular Commission on Aging programs are continuing on schedule with only a change in meeting places.

The most popular Commission on Aging program, Meals on Wheels and the sit-down dinner, are continuing at the Grayling Housing Commission project.

Next Monday, the sit-down meal will be switched to lunch instead of dinner. Meals on Wheels and the sit-down meal serve an average of 62 seniors a day — about half the meals are eaten by seniors in rental units at the Grayling Housing Commission project.

Several regular Commission on Aging programs have been switched to the new Grayling Health Care Center. Beginning in May, the Songbirds will be meeting every Monday at 3 p.m. at the GHCC, the dance group will meet every Tuesday at 6:30 p.m. at the GHCC, the stag party will be held every Wednesday from

1 to 4 p.m., and the Vial of Life and Blood Pressure check-ups will be held at the GHCC with times and dates to be announced.

Persons attending these programs at the GHCC are requested to use the front door and park in the side lot.

A special program will be held Thursday at 7 p.m. at the Grayling High School Library. Phyllis Meyer, from the Cadillac Social Security office, will talk about Social Security and Medicare.

Two special trips are still scheduled for this weekend. Friday at 3 p.m. a bus will leave from the courthouse parking lot for a Chinese restaurant in Kalkaska. Sunday at 3 p.m. a bus will leave from the courthouse parking lot for Brownwood. The bus will swing by the housing project to pick up any seniors without transportation.

For more information on any programs call 348-2841 ext. 328 for the temporary

Commission on Aging office at the courthouse.

The Commission on Aging moved their offices out of the housing project after Lora Gould retired as director of the Grayling Housing Commission April 10. Gould has retained her position as director of the Commission on Aging. She is not a board member of the Commission on Aging as stated in the Avalanche last week.

Gould retired after a dispute with HUD officials over operations at the housing project. Tom Jones, Chief of the Assisted Housing Management Branch of HUD in Grand Rapids, said rent paid by outside groups using the Grayling Housing Commission project was not properly reflected on budgets given to HUD. As a result, HUD was paying astronomical utility bills. He said the project receives income from basically three sources: rent from units, HUD annual contributions toward the mortgage, and an annual contribution by HUD toward operating expenses if needed.

Gould said there wasn't any rent paid by other groups — that use of the cen-

ter was given as in-kind services to help other agencies match grant money or give them space for beneficial programs. She said for years she has worked hand-in-hand with HUD — she's served on panels for them, spoke at programs — and HUD knew about all the Grayling programs. She said a recent switch in personnel at HUD changed things.

Jones said Gould is so knowledgeable about housing projects that she should know HUD must approve use of the project by other groups. Ron Wooster, HUD Housing Management Officer, also said everyone knows it isn't right to use federal dollars to match federal grants referring to housing project space given as in-kind services to match grant money.

Kathy Miles, HUD Housing Management Officer, said Gould serving as both director of the housing project and commission on aging co-mingled the operations improperly. Miles said space intended as extended living space for persons using rental units was monopolized for other programs. She said first use of the space belongs to rental

residents and programs benefitting them are fine, but they can't be excluded from the area. Jones said the Grayling project has more extended living space than any other of the 78 projects they supervise in Michigan.

Miles also said documents indicate at one time Gould was being paid salaries from four different agencies, the Grayling Housing Commission, the Commission on Aging, the Northeast Michigan Community Service Agency, and the Department of Social Services, and each agency considered Gould a fulltime worker.

Gould said she was listed as supervisor for NEMCSA and DSS but she was never paid for the positions. She said she worked as many hours as it took to do the job as director of both the housing commission and commission on aging and both commissions knew she held the two positions. She said she started the housing commission job 19 years ago at \$250 a month. The commission on aging position started out small 15 years ago and has grown, she said.

Her salary for the housing commission job last year

was \$13,900, according to HUD officials, and her commission on aging salary is \$17,300.

Harrison Goodhue, board member of the Commission on Aging, said both commissions have always known Gould held both positions. He said the arrangement has worked out well for years but now federal officials apparently feel it is no longer satisfactory.

"She's worked her heart out to bring more joy and happiness to seniors," he said.

"What it comes down to," said Gould, "is, who do you serve? The people or red tape and regulations?"

HUD is currently conducting an audit at the housing project, which has 88 total units including 19 family units. Some signs designating the project as a senior citizen center are being taken down. The project is actually a low-income housing project.

The Grayling Housing Commission is writing a job description for director of the project and will be advertising for a director soon. Greta Chapp is serving as interim director.

## Open House for 69th Anniversary

John and Blanche LaMotte will be celebrating their 69th wedding anniversary with an open house to be held on Saturday, April 28 from 1:00 to 4:00 p.m. at 103 Date Street.

Their son Kermit and niece Helen Harwood invite all their family & friends to stop in and wish them a Happy Anniversary.

## Col. Gwilt Heads Group Studying Incineration

By Jon Thompson

Camp Grayling Commander Colonel Ivan Gwilt has offered to head a group of area county commissioners studying the possibility of building an incinerator to burn garbage.

Gwilt stepped forward at a Northern Michigan Association of Counties meeting April 16 when talk about a regional incinerator was becoming stalled due to lack of leadership.

Although an incinerator at Camp Grayling is a low priority in the camp's long-range \$50 million plans, Gwilt said he offered to lead the group of commissioners because the military wants to show they are an interested part of the community willing to lend support to community projects.

An incinerator is a low priority at the camp because the military could only use it three months of the year during heavy troop use in summer when 25-50 tons of garbage are produced a day. Gwilt said although a lot of people are under the impression the camp is going year-round, in his estimation the only time it will be full-time is if it is mobilized. Full-time use will probably be limited to one thousand to a couple of thousand troops at the most in the winter, he said.

The camp does have a possible site in long-range plans for an incinerator located a couple of miles southwest of the main camp.

Gwilt will meet with one representative from approximately 30 northern counties on May 24 at 10 a.m. at Camp Grayling.

Fred Clinton, supervisor of the DNR resource recovery unit, said the first step for area counties would be to look at Camp Grayling's needs for the next five to ten years and go from there. An incinerator has to be a year-round operation so enough counties would have to be included in the group to supply sufficient garbage to burn in the fall to spring when the camp's garbage production is down. Clinton also said another buyer of energy produced at the incinerator would have to be found to supplement the camp's demand.

Crawford County Commissioner Jeannette Kitchen said Crawford is applying for a grant from NEMCOG (North East Michigan Council of Governments) to fund a feasibility study for an incinerator.

Robert Wagner, environmental programs manager from NEMCOG, said the federal government is willing to share the costs of an incinerator with a community but federal ownership is not encouraged. He said an incinerator should be owned by a private company or local government.

**KIDS FISHING OPENS** — A new kids fishing section will open Saturday from below the fish hatchery on the east branch to the mainstream.

Expect 50,000 This Year

## Fish Hatchery Opens Saturday

The Grayling Fish Hatchery will open its gates to visitors Saturday at 10 a.m. to show off more than 10,000 trout. There's no admission fee to see the trout, ranging from seven inches to 30 inches weighing up to 12 pounds.

A ribbon-cutting at 10 a.m. will officially open the facility for its second year as a tourist attraction. A youngster from the Kids Only Fishing section will take time out from fishing to cut the ribbon and Howard Schmidt will be on hand to sing the national anthem.

The Grayling Fish Hatchery drew 36,500 visitors

last year and fish hatchery officials predict 50,000 persons will visit this year. The hatchery operates mainly on donations and the sale of fish

food. It will be open seven days a week 10 a.m. to 6 p.m.

The hatchery is opening about a month earlier this year.

## Local Trout Unlimited Chapter Donates \$500 for Kids' Trout

The George Mason Chapter of Trout Unlimited donated \$500 to buy trout to stock a Kids Only section of the AuSable East Branch. The local group has also agreed to sponsor the new designated kids fishing section, stretching from the Grayling Fish Hatchery to the main stream. The new section will be limited to fishermen 16 and younger.

## Trout Management Plan Brings Up Dam Removal Question Again

By Jon Thompson

Removing two Grayling dams and the stump pond were among ideas brought up at the first annual Trout Management meeting to improve conditions in the AuSable River for trout.

"It's perplexing to me how a community so concerned with sewage, habitat, and greenbelt zoning for the river, can show such little concern for managing water temperature," said Gary Schnicke, DNR fisheries biologist from Mio. "Most people don't understand the importance of water temperature."

Schnicke, who spoke at the trout management meeting along with DNR research biologist Gaylord Alexander, said water temperature was just as important as habitat and water quality for trout. Ideally for trout, water temperatures should not exceed 70 degrees during hot summer weather. Water reaching 70-75 degree temperatures during the summer can support a limited trout population. Trout usually leave

an area where summer water temperatures reach above 75 degrees.

Schnicke said the existing dams at Grayling and the stump pond have a profound effect on the mainstream. With summer temperatures soaring to 80 degrees and higher in the stump pond, mainstream river water isn't cooling much until near Burton's Landing where cold springs begin lowering temperatures.

If just the stump pond was removed, Schnicke said, it would have a dramatic effect on the entire stretch of river down to McMaisters Bridge by lowering water temperature. Remove both dams, he said, and water temperatures would stay below 70 degrees from Pollack Bridge to Burton's — changing that stretch into good trout water.

He said Crawford County had the first greenbelt zoning in the state, the City of Grayling built a sewage system to stop sending effluent into the river, and a lot of attention has been given to

maintaining natural vegetation and improving trout habitat in the river. Yet, proposals to remove the two dams at Grayling (the downtown dam and Salling dam) met with a great deal of local disagreement.

Schnicke pointed out that right now the AuSable River system is not a great trout river system.

"Out of the 114 miles of river from Grayling to Oscoda, 45 miles are standing water impoundments created by six dams from Mio to Oscoda. And most of the tributaries of the AuSable system originate in lakes."

Schnicke explained the impoundments usually have high water temperatures and the lakes also tend to warm the upper portions of the tributaries.

"Burton's to Wakeley Bridge is actually the lifeblood of the system," he said. "Cold groundwater there nearly doubles the volume of the river and the low temperatures carry all

## From Our Corner...

We begin this week's Corner on a note of happiness but yet a bit of sadness...happiness was spending the Easter weekend in Traverse City with T.J., Stefany and folks and learning that John had finally gotten a job after spending the past 18 months unemployed...our sadness comes from the fact that his new job is in Lorain, Ohio and the family will have to be moved down there in three months...

John's new job is similar to the one he held with Western Electric, except that instead of installation he will be working in management and do quite a bit of traveling on estimating jobs for the components for telephone services...he mentioned that what they install is similar to what is out at Skyline south of Grayling...that was in laymans language to us...

Sunday afternoon while waiting for dinner we tried to think of something to fill our column for this week but, about all we could think of was the fact our T.C. family would be leaving for the Buckeye state, and things would be a lot different when they leave, then when and if we ever go to Traverse there will be no place to stop...I guess one just takes things as a matter of fact and just don't imagine that any changes will take place...John and Toni have lived in T.C. since they were married and it just became a habit for us to spend the weekend there or they would come over to Grayling...it's only about an hours drive...when they move that will be done with...John said it took him around 7 hours to drive to Lorain, really not a weekend drive...

But, they have their lives ahead of them and where there is work that is where one has to go...we've had the enjoyment of having them live this close that many other families have not been so lucky...

The following was dropped off at the office by Chuck Fick and after reading it and finding out we qualified for many of the reasons in growing old we decided to pass it on to our readers...I think it's cute, and besides it is going to help us out on this week's turkey as we are behind schedule and just can't come up with any smarts to pass on...so here-with...

### How To Know You're Growing Older...

Everything hurts, and what doesn't hurt doesn't work. The gleam in your eyes is from the sun hitting your bifocals. You feel like the night before, and you haven't been anywhere. Your little black book contains only names ending in M.D. You get winded playing chess. Your children begin to look middle aged. You finally reach the top of the ladder, and find it leaning against the wrong wall. You join a health club and don't go. You decide to procrastinate but then never get around to it. Your mind makes contracts your body can't meet. You know all the answers, but nobody asks you the questions. You look forward to a dull evening. You walk with your head held high trying to get used to your bifocals. Your favorite part of the newspaper is "25 Years Ago Today." You turn out the light for economic rather than romantic reasons. You sit in a rocking chair and can't get it going. Your knees buckle but your belt won't. You regret all those temptations you resisted. You're 17 around the neck, 42 around the waist and 96 around the golf course. You stop looking forward to your next birthday. After painting the town red, you have to take a long rest before you can give it the "second coat". Dialing long distance wears you out. The best part of your day is over when the alarm goes off. A fortune teller offers to read your face. Your pacemaker makes the garage door go up when you look at a pretty girl. The little grey-haired lady you help across the street is your wife. You get your exercise acting as pallbearer for your friends who exercise. You sink your teeth into a steak, and they stay there.

We're going to end this week's efforts...still feel a bit melancholy over the fact of our T.C. family moving...so it's goodnight to T.J., Stefany and Amber, and to all of our readers have a nice weekend...think summer, it can't keep on snowing like it did Sunday night, we hope...

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

23 Years Ago  
April 27, 1961

Mr. and Mrs. Clyde Anthony of Grayling have a son, Jeffrey Charles, born April 19th. He weighed 7 lbs. 5 ozs. The Charles Anthonys of Fletcher and the George Rolfses of Maple Forest are his grandparents.

Miss Jill Wakeley returned the first of the week from a two-week visit with her aunt and uncle, Mr. and Mrs. Bill Wyss, Debbie and David, at Tavernier, Florida. She flew both ways.

The Larry McNamaras' two littlest, Mary Elizabeth and P.J., spent ten days visiting her sister and family, the Elmer Veitengrubers, in Bay City during their mother's convalescence. During Easter week the McNamaras' nephew, Ron Veitengruber of Mt. Pleasant, stayed with them. Mrs. McNamara's sisters, Mrs. Felix Miltello and Miss Gertrude Campau of Bay City spent one day with her recently.

Mr. and Mrs. Burton McWilliams, Sheila and Debbie spent Monday in Bay City on business.

Mr. and Mrs. Fred Bear had as their guests the weekend of the 15th Clayton Shenk of Lancaster, Pa., who was here on business.

Mr. and Mrs. Tom Douglas and family were dinner guests of Miss Margaret Douglas Sunday.

Mrs. Byron Randolph and Mr. and Mrs. Leo Lovely spent Sunday with the formers' daughter and family, the Jim Bonds, at Harrisville.

"Gone Fishing" signs should be as commonplace as flags on Memorial Day come April 29th when Michigan's trout opener will lure thousands of fishermen back into the fold.

Beckoning these anglers eager for action will be crafty and scrappy browns, rainbows, brooks and lake trout, many of which are being planted in lakes and streams throughout the state by the Conservation Department.

Roughly one of every three trout caught from the state's 36,350 miles of streams this season will be a Department hatchery product judging from the take trend of previous creel censuses. Lake plantings, composed mostly of rainbows, and brooks, provide "bonus" fishing since many of these waters lack conditions for natural production.

Fishermen will find some 500 public fishing sites affording them access to many of Michigan's popular lakes and streams.

Mrs. C.W. Ross, who has been visiting her daughter, Mrs. T.P. Peterson and family since the forepart of February, returned to her home in Vassar Thursday. Mrs. Peterson and daughters accompanied her.

Mrs. Willard Harwood and son Pat and Miss Yvonne SanCartier spent Sunday visiting in West Branch. Bobby Tiffin returned with them after spending the week visiting his grandmother, Mrs. Charles Tiffin.

Mr. and Mrs. Floyd SanCartier are happy over the arrival of a daughter, weighing 7½ pounds, Friday morning. The little lady is to be called Sandra Louise.

Harold MacNeven left Tuesday in company with Pilot Paul Clughin the W.L. McClanahan plane, flying to Los Angeles, Calif. They expect to return Saturday.

Mrs. Clare Smith invited several little friends over Friday afternoon to celebrate the 6th birthday of Bobby Smith. Games were in order for the afternoon, after which a delicious lunch was served. Bobby received many lovely gifts.

About twenty five relatives and friends met at the home of Roy Wolcott Sunday evening to help him celebrate his birthday. Bunco and pinocle were played, prizes being awarded to Mrs. Al Stephan and Mrs. Leona Papendick for pinocle, and Mrs. Alice LaMotte and Mrs. Truman Ingram for bunco. A delicious lunch was served, after which the guests departed, wishing Mr. Wolcott many more happy birthdays.

Emil L. Kraus, senior in the College of Arts and Sciences at the University of Detroit, son of Mr. and Mrs. E. Kraus, delivered a paper on French customs at the last meeting of the French Club, campus organization for social and scholarly association of French students.

Albert Madill and family have moved into their new home north of Frederic on the main stream of the AuSable River. Their electric lights come from their plant located near the river.

Last Saturday morning occurred the marriage of Miss Blanche Maxson and Mr. John LaMotte at St. Mary's Church, Rev. Fr. Reiss officiating at the ceremonies. A wedding dinner was served at six o'clock to about fifty-eight guests at the home of the groom's parents, Mr. and Mrs. David LaMotte. Later in the evening a dancing party was enjoyed.

Forty-three contracting builders were in the city yesterday to attend the opening of the sealed bids for the construction of our new school building.

About May 1, R. Hanson & Sons will start a camp seven miles west of Tower, where they will get out 7,000,000 feet of hardwood logs. William Lovelace will have charge of the operation.

Miss Nina Petersen celebrated with a farewell party at her home Friday evening in honor of Miss Alice Brink, who with her parents are moving to Saginaw. The guests presented Miss Alice with a beautiful ring with pearl setting as a farewell gift.

Mrs. Everett Brethower of Lewiston attended the wedding of her sister, Mrs. Blanche Maxson here Saturday morning.

A number of friends of Mr. and Mrs. John LaMotte gave a kitchen shower in their honor at their home Monday evening.

## The Bible Speaks

From Calvary Baptist Church

MARKS OF A  
HYPOCRITE  
Matthew 23:13

Throughout the Bible we are warned that the last days before the return of Jesus Christ will be characterized by false teachers and false religions. In His last public address before His crucifixion, our Lord exposed those religious leaders of his day who would later lead in bringing about His trial and crucifixion. A careful study of Matthew 23 will give us many principles to look for in a religious hypocrite.

First, they are not saved! They cannot tell others how to know they are saved! They cannot agree among themselves how one can be saved! Their ministry is marked by public confusion over eternal salvation! Listen to these words of Jesus: "But woe unto you, scribes and Pharisees, hypocrites! for ye shut up the kingdom of heaven against men: for ye neither go in yourselves, neither suffer ye them that are entering to go in." Matthew 23:13.

Do we have this problem in Grayling? If you think we don't, just start asking people around you how one can get to Heaven. You will become amazed at the wide variety of answers. Most of them will involve human works. All false religions say man must do something to get to Heaven. The Bible gives us a clear answer on this question. "For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of

works, lest any man should boast." Ephesians 2:8,9. Preachers who teach that you must do some kind of good works to get to Heaven are not going to Heaven, or taking anyone else to Heaven by their teaching. They are actually shutting up the kingdom of heaven against men as Jesus said.

When you ask most of these false teachers if they know they are saved and going to Heaven, they will not give you an affirmative answer. This is because they do not know that they are going to Heaven. In fact, they will probably tell you it is impossible for anyone to know they are going to Heaven for sure. They will then probably try to ridicule and undermine the faith of those who do know they are going to Heaven. The Bible says you can know you have eternal life. "These things have I written unto you that believe on the name of the Son of God; that ye may know that ye have eternal life..." I John 5:13.

Do you know your sins are forgiven, and that you are on your way to Heaven? Life is too short and eternity too long to ignore this most vital question. If you have no real assurance of eternal life, if you have a "hope so", "maybe so", "think so" kind of faith, you have probably been blinded by a spiritual hypocrite who is playing games with your immortal soul. (Adv.)

### State Forms Recommended For Elimination

Warren M. Hoyt, Executive Dir., MPA

Elimination of 268 forms from the state Departments of Commerce, Labor and Natural Resources was recommended to Governor James Blanchard by a special business paperwork reduction consultant team.

Blanchard said elimination of the forms is already underway, with the Commerce Department expected to complete elimination of its recommended forms by the end of April with the other two departments expected to complete elimination of their targeted forms by 1985.

Neither Blanchard nor members of the consulting team could estimate how much the move would save the state financially, though one member said savings should be "considerable" as printing, storage and handling of the forms will no longer be necessary.

In addition, Blanchard said elimination of these forms will do away with the necessity of businesses completing and submitting some 98,500 pages of forms annually and estimated that would save 16,000 hours of paperwork chores.

The action eliminating the forms was praised by several business representatives, including Roger Haynes of the National Federation of Independent Business, who said the action would improve Michigan's image as a state to do business in.

The forms selected for elimination were chosen from approximately 1,000 forms reviewed — nearly one-third of all business related state forms — by the team which consisted of representatives from various state departments.

The team looked for forms that were duplicative, non-essential, required by outdated statutes or not required by statutes or rules.

Of the forms slated for elimination, 231 were in the Commerce Department and include such items as notices of intent to establish condominium projects, certificates of corporate dissolution, applications for mobile home park licenses, applications for permission to organize banks or branch banks and applications for different hours for bowling lane liquor service.

Another 47 forms will be eliminated in the Department of Natural Resources, such as license applications for game fish breeders, shooting preserves, game breeders and wholesale fish dealers which could be consolidated into one form.

In the Labor Department, eight forms would be eliminated or combined, such as the employer's basic report of injury and a supplemental report on fatal injury.

Janet Norris Cox, forms design coordinator for the Department of Treasury, said the team met with some resistance from state bureaucrats when they first approached the departments and divisions on forms reductions, but were eventually able to win cooperation.

In addition, Blanchard said the team has developed and issued a computerized catalog of state forms, believed to be the first such catalog in the nation.

The catalog, developed with the help of the Independent Business Research Office of Michigan, will help trace duplication of forms across state departments.

## Rehearsals in Full Swing For Grayling Production of "Annie"

With opening night slightly more than two weeks away, the Grayling High School Players have shifted into high gear in their preparation of the Broadway Musical "Annie" for production on May 10, 11 and 12.

Since the return from Easter vacation, rehearsals have been increased to 6 hours per day. In addition, many students are spending most of their weekends in the auditorium, preparing scenery, props and costumes for opening night.

Ticket sales for "Annie" are up greatly from past

musicals as was anticipated. However, at the present time, ample seating is available for all four performances.

Tickets may be picked up from the Board of Education offices in downtown Grayling or they may be purchased by mail.

Mail orders should be sent to "Annie", Community School Office, Grayling High School, Grayling, MI 49738. Price of admission for all evening performances is \$3.50. Checks should be made payable to Grayling High School. Ticket infor-

mation can be obtained by calling the Community School Office at 348-7641.

"Annie" officials are suggesting that those planning to see the musical should purchase their tickets in advance as it is anticipated that there will be standing room only by opening night.

To provide an opportunity for younger children to see this delightful musical, the Grayling High School Players will present "Annie" in a special matinee performance at 2:00 p.m. Saturday afternoon, May 12. Admission to the matinee for children through grade six and senior citizens is just \$1.50.

## Kenneth Staley Seeks 103rd Rep. Seat

Charlevoix Mayor Kenneth A. Staley has announced his candidacy for State Representative from the 103rd District. Staley, 61, is serving his third year as Mayor of Charlevoix, and has held several other local governmental offices, at both the city and county levels, with a total of 24 years of diversified experience. It is this experience that has inspired him to seek the Republican nomination for the State office. He is enthused about this, because he feels we can get more input with a background like he has. He feels Michigan needs citizen legislators who are close to their districts and who know how people feel about taxes and spending.

"During my 24 years of public service I feel I have gained a great deal of grass root knowledge that has given me an understanding of people and their problems. I would like to carry this knowledge and under-

### Mushroom Mania In Grayling Area

The annual mushroom season is fast approaching, as a result of mild spring weather. The Grayling Regional Chamber of Commerce is sponsoring a festival to be held on May 5 & 6 and May 12 & 13. Warm spring rains in April will encourage the tasty mushrooms to pop out of the ground throughout the Grayling area including part of the Huron National Forest.

Headquarters for the event is the San-Sheri Campground and Party Store, located 6 miles north of Grayling on Old U.S. 27. Facilities for RV and Tent Camping are available along with a Restaurant and Party Store.

Prizes will be awarded for several categories of mushrooms. Area guides will assist mushroom hunters to find suitable locations. For further information, please contact the Grayling Regional Chamber of Commerce, P.O. Box 406, Grayling, MI 49738 or Phone 517/348-2921.

### Amateur Radio Club to Present Film at Mio

The AuSable Valley Amateur Radio Club will be showing two video films "Amateur Radio's Newest Frontiers" on May 1, 1984, 7:30 p.m. at the Community Center Building in Mio, Michigan. This club of amateur radio operators have members from six (6) counties, Oscoda, Ogemaw, Crawford, Alcona, Montmorency and Roscommon, and meet the first Tuesday of each month.

The first video film shows the preparation of the "Space Lab" on the flight of STS9 in which Dr. Owen Garriott (W5LFL) took a small amateur radio handheld transceiver aboard and talked to thousands of radio amateurs all over the world. The second video film features footage from W5LFL's historic operation as well as that of earthside stations attempting to contact him.

Anyone interested in amateur radio or who would like to learn more about this wonderful hobby is welcome to come and see these very interesting and historic films. We are indebted to Mr. Wm. Taylor of Taylor TV and Furniture who graciously volunteer to supply the video equipment to show these films, and to the Oscoda County Commission for granting our club the use of the Community Building for our club meetings.

As most everyone knows, the amateur radio operators are usually first on the scene in case of emergency or disaster to furnish communication when other services have been destroyed. We also supply communications for many sports events, such as canoe races, ski races, boat races, etc.

### AARP to Meet

The Crawford County Chapter No. 1681 of the American Association of Retired Persons will hold the April meeting on Monday the 30th at Northern National Bank. This will be an important meeting. There will be election of officers for the coming year, and we hope to see you all on the 30th at 2:00 p.m.

### Grayling Elementary School News

Mrs. Sattler came into Mrs. Bovee's fifth grade class on April 11, 1984. She came in to help our class make sugar eggs. First we mixed granulated sugar with water. Then add a few drops of food coloring. Mix together with your hands. Pack the sugar down in one side of the egg mold, pack some more down in the other side. Put the sugar on the tray. Take the mold off it. Bake for about four to five minutes. Take them out, let them cool a minute, then hollow them out. Put decorations in one side. Put the other one on top. ### IN MEMORIAM

In Loving Memory of Charlie Hooper, who passed away three years ago, April 21st.

Do not ask me if I miss him,  
For there's such a vacant place,  
Oh! I think I hear his foot-steps  
Or I see his smiling face.  
For he left me broken hearted  
Friends may think the wound is healed,  
But they so little know the sorrow  
That is in my heart concealed.

Also Saturday, April 28th Sibs for Kids will be having their 2nd annual Community Fun Day starting at 10 a.m. until 4 p.m. This will be held at the Grayling Middle School Gym. Many local volunteer organizations will have booths set up. There will be entertainment and many nice prizes to be given away that many of our Grayling and Frederic merchants have donated. Please remember to stop by and see what these volunteer organizations do for the community. Remember April is National Volunteer Month.

Jim Hanson and Sheila and son Shane were to her mother's, Eva Hulbert. Saturday we had our dinner at Mr. and Mrs. Walter Desnoyers, also with Tom and Ann Denno and their six children, Pat and Dennis Sloan and their three children, and Brian and Judy Hulbert and family. It was a beautiful day, the kids enjoyed an Easter Egg hunt and playing outside. We also celebrated Eva's parents 59th Anniversary.

were in Grand Rapids at the Amway Plaza last week where they attended the Michigan Petroleum Spring Convention. They were accompanied by John and Stephanie Payne.

George & Betty Pamer-leau had as guests, for three days, their daughter, Jeanne Dosch from El Dorado, Arkansas and her daughter Christina Longing with Maria, 10 month old, of Rushton, La. Her daughter-in-law, Tracie Dosch and Sammy, 22 months and Dana 9 months. Tracie and children will leave for Hawaii next month to join Michael Dosch who has a three year assignment at the Army Base there. The Pamer-leau's enjoyed seeing their three great-grandchildren for the first time.

## Child Abuse Prevention Month

April is National Child Abuse Prevention Month. It was created to increase public awareness of this dangerous and degrading tragedy.

April 28th has been designated "No Hitters Day," to encourage parents to reach out for help instead of resorting to violence against their children.

faculty viewpoint.

Meldrum's presentation was most effective and she received a most enthusiastic response. There were many questions from the Blood Bank Coordinators from all over Northern Michigan and both Mrs. Betty Pamerleau, Chairman of Blood Services for Crawford County Chapter/ARC, and Harrison Goodhue, Chairman-Treasurer of the Chapter, received dozens of unsolicited expressions of appreciation of the students accomplishments and Miss Meldrum and Mr. Wieland's explanation of procedures.

The Donor Recruitment Staff people from the Wolverine Blood Service operations at Flint and Petoskey have long been aware of the very effective Blood Banks at Grayling High School and have used their performance to encourage other Northern Michigan High Schools to develop similar programs.

The vital need for blood was dramatically demonstrated when the new Wolverine Region "Poster Child", just selected, was introduced. He is 8 years old and today in excellent health, but he was born with a hole in an interior wall of his heart for which he underwent open heart surgery in June of 1981 which was not totally successful. In August he suffered a cardiac arrest and was saved by a Red Cross trained CPA person, following which he was again operated on to repair the hole in his heart. It was again unsuccessful and a couple of weeks later he suffered another cardiac arrest in his Doctors office and again was revived by a Red Cross-trained person in CPR.

He was then flown by air ambulance to Mayo Clinic in Rochester, Minnesota, where he underwent his third open heart surgery in four months. This time the repair was successful and he has been returned to a happy normal healthy life.

It is estimated that over 50 pints of blood was utilized in the three open heart surgeries - more than four times the total supply of a normal human body. Without our life saving blood services this young man would not be with us today.

the way to Mio."

In addition to water temperatures, Schnicke also discussed sediment traps on the AuSable. He said a new sand trap was put in near the pullover last July and it is already nearly full with sand still moving downstream from I-75 crossings on the mainstream and east branch.

Some of the sand has already moved into the "Holy Water" from Burton's to Wakeley, but a lot of it was caught in a large trap the DNR never installed. Schnicke said the Madsen diggings near the old Mud Creek have nearly been filled in with sand from the expressway crossings.

Four sand traps will also be installed on the upper portion of the AuSable above Frederic where the DNR is planning on taking out 70 beaver dams this year.

Other topics covered at the April 15th meeting were trout populations in the mainstream, north branch, and south branch, no-kill rules, slot fishing regulations, motorboats on the AuSable, and stocking the river with hatchery fish.

## To Present Film at Mt. Hope

"Fire in The Sky," a true heart-touching film about three families involved in a crisis situation will be shown at Mt. Hope Lutheran Church, at Old 27 N. and M-93 South of the high school on April 28th at 7:00 p.m. and April 29th at 10:30 a.m. and again at 7:00 p.m. The film is free and we extend an open invitation to everyone in the community.

On a tragic day before Christmas, a gift of a balloon ride given to their husbands turns into a tragic nightmare for three women as they watch their husbands die in a fiery accident. You will see their agonizing vision of the "Fire in The Sky" become a stepping stone for even more purpose, focus and spiritual strength in their lives and in the lives of the fellow church members who uphold them in love.

You will not easily forget the power and the courage of these three women as they live through crisis and tragedy. You will rejoice with them as they find new dimensions in their call to discipleship and evangelism. "Fire in The Sky" was produced to help Christians see the need to be better equipped for more effective Christian witness. The film also demonstrates that being equipped enables Christians to build spiritual muscle and enables them to face more successfully the day-by-day crisis of living and dying that none of us can escape.

"Fire in The Sky" is a Gospel Films, Inc. release.

## Doodles From The Tall Timber

Wendell L. Hoover  
Park Interpreter

Each summer I receive several inquiries about how to grow wildflowers. First I would like to emphasize that there are a number of wildflowers which are protected by State law so do not just run out with your shovel to start digging. For example, the wild orchids and Trailing Arbutus are among those protected flowers. Growing a wildflower garden is a demanding pastime which requires continuing special soil preparation and care. If you are determined to try it, keep foremost in your plans the following points. Add humus to your soil. The top six inches or so should be half humus for most wildflowers. If your soil contains earthworms, it will be necessary to add humus every year. For most wildflowers, light shade is needed along with sufficient moisture, but not flooding. Most species prefer neutral or very slightly acid soil. Remember, do not plant too deep. Wildflowers and ferns do not grow that way in nature's garden. Most bulbs and seeds will do best right at the surface or only just below it. For winter protection, the flowers must be mulched with two or three inches of leaves or like material. Also remember to remove part of the mulch in the spring. If you keep these points in mind, you should be able to grow most wildflowers. To be legal, do not remove any plants from public or private land without expressed permission.

## HAS A NEW CAR CAUGHT YOUR EYE?

## Introducing the Variable Rate Loan from Gaylord State Bank

It's a brand new way to finance your next car. A way to take advantage of lower, initial interest rates. Lower, fixed monthly payments. And, between now and May 15th, we're offering a Variable Rate of 11.50% annual percentage rate. It's been a long long time since you've been able to buy the car of your choice at a rate that low. Best of all, if current market rates go down, our 11.50% rate will be reduced even more. And, even if interest rates go up, your payment will not increase during the life of your loan.

Our 11.50% variable rate applies to new 1984 model cars from now until we close on Tuesday, May 15th. And it is available through any Gaylord or Grayling dealer or any Gaylord State Bank Office. So, don't delay. Make your deal before May 15th and drive away with the lowest new car loan in town.

NEWSPAPER NEWS  
Todd Pfaff

The Troop 997 Newspaper Drive semi-trailer is still parked in the Crawford County Road Commission compound, located on M-72 East near the I-75 overpass. The hours in which this area is open are from 7:00 a.m. to 3:30 p.m. Monday through Friday.

Please bring your old newspapers down to the trailer anytime during the above hours. Please bundle or bag them for your own convenience as well as ours.

If you are unable to drop your papers off at the trailer during the given hours, or are unable to get them to the drop point at the dump, call me at 348-8873, and I will make arrangements for someone to pick them up.

A few notes of appreciation. First off, to Ron Bancroft, Casey Goeckerman, and his young friend. These boys gave up two days of their Easter vacation to give me a hand in hauling papers. Thanks guys.

To Andy Bloos of Roscommon, who made arrangements for the Scouts to pick up two full truck loads of papers. And to all who have contributed their old newspapers to Troop 997. Your contributions and cooperation are truly appreciated.

Bike-a-Thon  
Sat., May 5

Grayling...Riders for the Sat., May 5 St. Jude Children's Research Hospital Wheels for Life Bike-a-Thon are now asking Grayling citizens to back their efforts by pledging a contribution for each mile they ride.

"The money our riders earn will help continue St. Jude's life-saving study of childhood cancer that has become so important to children all over the world," said Bike-a-Thon chairman Lorna Morse.

"We'll be showing that we care about children by helping this cause," Mrs. Morse said. "Please support your rider with a generous pledge, and then help them get the funds to us as soon as the ride is over."

"Each rider will be given a lap card when they register at Michelson Methodist Church May 5," Mrs. Morse said. "Every time they ride through the check point, we'll initial the card. At the end of the ride, we'll check it and sign it to show that the rider earned what the sponsor pledged." Riders will then return to the sponsors to collect the pledge.

## Grayling Township Board

## Regular Meeting — April 10, 1984

Members Present: Bonkowski, Hallett, O'Mara, Ashton, Fowler.

Members Absent: None

Guests: Mary Harland, Joe Elekonich, Howard K. Guyette, Sr., Bob Chappel, Mary Jo Holzman, Traci Riley, Shelly Trenary, Cal Brenner, Sue Brenner.

Supervisor Fowler called the meeting to order at 7:30 p.m. Motion by Bonkowski, supported by Hallett, the minutes of the regular meeting of March 13, 1984 and special meeting of March 2, 1984 be approved as presented. All ayes, motion carried.

Motion by Hallett, supported by Ashton, to approve the Treasurer's reported balances. All ayes, motion carried.

1. Report from Senator Irwin's office on the proposed Timber Volume Agreement public hearing held in Grayling in March. It was evident that forest industries, both large and small were not satisfied with that proposal. The DNR has agreed to postpone asking for consideration of the Timber Volume Agreement by the Natural Resources Commission because it clearly needs more study.

2. Notification of the start of FY 1984 Michigan Small Cities Program. The program provides federal grant funds to assist eligible communities in addressing critical development needs in areas of economic development, housing, and public works. A package of materials providing more specific information will be forthcoming from the Michigan Department of Commerce Office of Business and Community Development.

3. Memo from Beth Wieland inviting Township attendance at the April 16 Solid Waste Combustion meeting regarding proposed solid waste combustion for Camp Grayling.

4. Received revised minimum standards for economic distress in the small cities Urban Development Action Grant Program. Grayling Township is not eligible.

5. Correspondence from Midwest Coverage Managers, Inc., that it has merged with Burnham and Flower Agency, Inc. The Township holds its workman's compensation and liability insurance with Burnham and Flower.

6. Written request from Lake Margrethe Property Owners Association for matching funds to assist in conducting a survey of Lake Margrethe using the Septic Leachate Detector to pinpoint septic disposal systems that are leaching nutrients into the lake causing water quality problems.

Northeast Michigan Council of Governments has received a grant from U.S. Environmental Protection Agency and Michigan Department of Natural Resources to perform these surveys on selected lakes in N.E. Michigan.

NEMCOG will be selecting one or two lakes for survey this summer. NEMCOG expects the local financial commitment to be at least \$1,000.00 but no more than \$1,500.00.

Motion by Bonkowski, supported by Ashton to authorize appropriation of a maximum of \$750.00 towards the above described water quality study of Lake Margrethe. Bonkowski - aye, Hallett - aye, O'Mara - aye, Ashton - aye, Fowler - aye. All ayes, motion carried.

7. National Association of Towns and Townships will hold their annual educational conference September 5-7, 1984 in Washington, D.C.

8. Moved by Hallett, supported by Bonkowski, that the request from AuSable Shrine Club for a one day liquor license, May 5, 1984, at the National Guard Armory, Camp Grayling, Michigan, be recommended for approval. Ayes - five, nays - zero, motion carried.

9. The following amendment to the by-laws of the Grayling Township Planning Commission is being considered and is referred to the Township Board for consideration and comments.

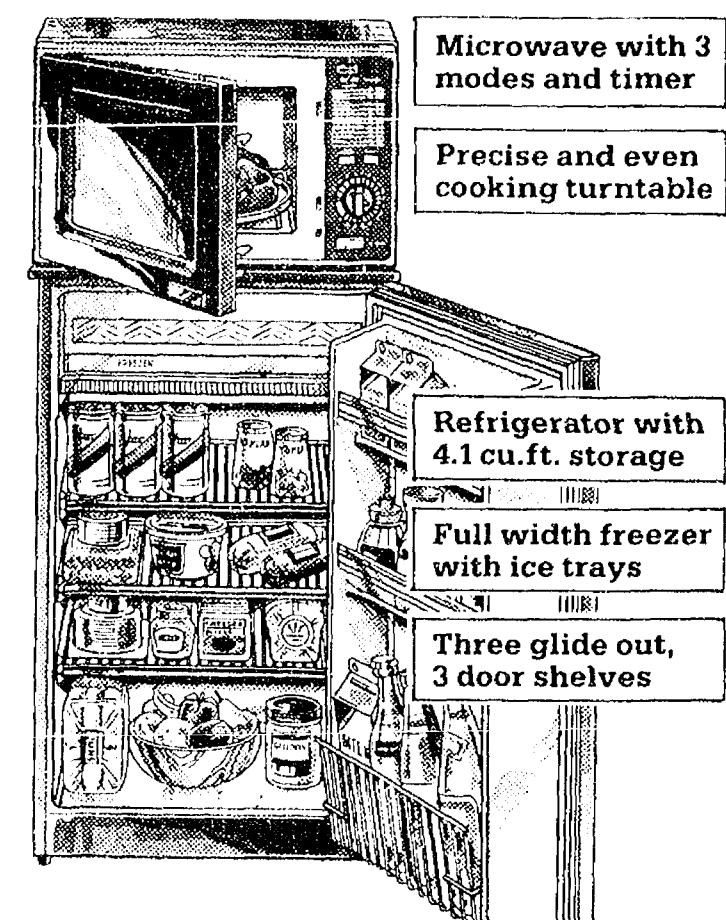

To amend Article X of the by-laws of September 12, 1972, by adding: Notification of intent to amend the by-laws by precisely indicating the content of the amendment must be given in the form of a motion at the previous meeting or included in the call of the meeting at which the motion will be brought up.

Motion by O'Mara, supported by Hallett to table action on amendment to Grayling Township Planning Commission By-

## The Crawford AuSable School District Report

By Judith P. Mesack, Middle School Language Arts Instructor  
April 19, 1984

Grayling's sixty-eight year old middle school is the home of a seven month old infant: the language arts curriculum. Lovingly created by dedicated English teachers, the language arts curriculum is designed to improve middle school student's reading, writing, and communication skills. As one of this infant's creators and "parents" who helped it with its first steps, I believe it has taken longer, stronger strides than we ever expected.

The program's backbone is the board-adopted objectives for each grade level. These objectives build from the sixth to the eighth grade. This frees the sixth grade teacher to concentrate on sixth grade skills knowing what will be taught in seventh grade. It allows an eighth grade teacher to assign a composition knowing seventh grade objectives include composition fundamentals. It enables a ninth grade teacher to assume eighth graders have learned library, research, and composition skills because they are part of the curriculum. This curriculum also keeps the middle school principal aware of what his language arts staff is teaching.

The muscle in the language arts program is the materials the language arts committee selected and the school board approved and funded. The literature, grammar, spelling and reading texts are high interest, geared to middle school learning levels, and an exciting new addition to an old environment. These texts combine reading, writing, thinking, speaking and listening skills to unite the entire range of language arts learning.

New steps invariably contain a few stumbles and trips. In May, the language arts committee will evaluate the program's first year, revise where needed and strengthen weakness. But, all totalled, our new child is thriving!

## Big Boy To Attend Fun Day

## La Leche League Meeting Notice

"The Advantage of Breast-feeding to Mother and Baby" will be the topic for discussion at the May meeting of the Grayling-Roscommon La Leche League. This is the first in a series of four discussion meetings. The meeting will be held on Thursday, May 3 at 7:30 p.m. at 906 Smith Street, Grayling.

La Leche League believes breastfeeding gives the best possible start in good mothering and helps to develop and deepen the close relationship between a mother and her child.

A series of meetings are held in members' homes, to acquaint those interested with the physical, practical, and psychological sides of breastfeeding.

Any woman interested in breastfeeding is welcome to attend. Expectant mothers are encouraged to attend the series before the baby arrives. Babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

**Vikings Open Diamond Play**

Grayling began baseball action Tuesday with a home game against Onaway and travels to Charlevoix Thursday and Gaylord Saturday.

The Vikings return eight lettermen including three seniors who played since they were freshmen.

Opening their fourth season will be Mike Hickey, starting at shortstop, Jim Stewart, starting center-fielder, and Dan LaDuke, starting at first base.

Other lettermen are Jeff Branch, a junior starting at third base, senior Dave Brooks, starting the first game on the mound, senior Ken Lademan, starting in center field, junior Jon Nicholas, starting at second base, and senior Shannon Conklin, an outfielder.

Rounding out the starting line-up are junior Ken Erb in left field and sophomore Bob Gelinski in right field.

The rest of the team is senior David Cox, an outfielder, freshman George Duncan, a catcher, sophomore Bob Hoew, outfielder, sophomore Shaun Krayes, infielder, junior Dean McKinney, pitcher-outfielder, junior Riley McNamara, outfielder, and freshman John Meagher, infielder.

Head coach Fred Wolcott, in his ninth year coaching baseball at GHS, said pitching will be the key to his team's success.

"We'll be strong defensively and with consistent pitching we should be a winner," Wolcott said.

Wolcott is looking for tough pitching from Brooks,

Lademan, Branch, McKinney, and Stewart. He said his infield is solid, the catching is good, and his outfielders all have strong arms for throwing out baserunners.

Grayling will have a formidable league opposition. Two years ago Charlevoix went to the state finals and last year Rogers City went to the finals.

On Saturday, April 28, Sibs for Kids will be having their Second Annual Community Fun Day starting at 10 a.m. until 4 p.m. This will be held at the Grayling Middle School gym. Many local volunteer organizations will have booths set up. There will be entertainment and many nice prizes to be given away that many of our Grayling and Frederic merchants have donated. Please remember to stop by and see what these volunteer organizations do for the community. Remember April is National Volunteer Month.

Mrs. Beulah Stephan spent six weeks with the Tom Hendrickson (Anna Marie Church) family in Ridgewood, New Jersey. During the time she was there she was able to attend "Dimitri" at Carnegie Hall in which Anna Marie participated in the chorus with the Collegiate Chorale. They also attended other concerts and theatres. Beulah flew home accompanied by Carleen Dane and a friend, Ruth Simons, of Grand Rapids, who had also spent a week in Ridgewood. Beulah spent four days in Grand Rapids with the Danes and Ernestine and Don Palmer drove over to get her.

Spending Easter weekend in Grayling were Karen and Frank Cook, Eddie and Amy, with Karen's mother, Mrs. Beverly Lowrie, Carleen and Brian Dane, Erik, Katy and Kimberley, visited her mother, the Don Palmers. All of the family had Easter dinner at the Lowries.

**Confusion Over Cancer Fund Raising**

The American Cancer Society has advised the public that it is not and never has been in any way connected with the Washington D.C. fund-raising organization that calls itself the American Institute for Cancer Research. There has been much confusion as that group has been sending out very large mailings lately which coincide with the April kickoff of the American Cancer Society's annual educational and fund-raising Cancer Crusade. This Crusade is held in May in Crawford County.

In 1983 this 'institute' mailed out more than 10 million questionnaires prepared as a "public service" including an appeal for funds for further research. It did not mention that the 'institute' was created in 1982, not by medical experts, but by two professional fund-raisers. Nor did it mention that nearly 75% of the first \$1.2 million raised would be used for more appeals. To date the 'institute' has not reported the results of the questionnaire which is thought to be of little if any scientific value.

The American Cancer Society spends less than 20% on fund raising and meets all the standards of the National Charities Information Bureau and the Council of Better Business Bureaus. It has played a key role in the fight against cancer for the past 70 years.
